

Maleny Garden Club Inc
Gardening on the Edge

Open Garden 6
Kelly Field

This parkland garden was started 28 years ago with the Poinciana trees, Golden Cypress and Camellia Polar Bear.

Over the years many trees have been added including Jacaranda, Dombeya, Kigelia, Tabebuia, Bauhinia, Leopard, Pecan Nut, Boab, Red Cedar and Pink Euodia

These mature trees provide the ideal environment for growing camellias. Over 140 varieties have been planted from beautiful formal japonicas to spectacular reticulata.

Our feature camellia Reticulata Franciel will delight any garden enthusiast.

Food Available.

Stalls selling local produce.

The garden is accessible to all.
